RE: Senior Services Ministry Meeting Notes of October 6, 2019

Qn: What is the Senior Services Ministry/CUC doing right?

1. Having the following activities for seniors – luncheons, recognition Sunday
2. Offers rooms for other non-profits to do outreach for seniors – knitting and crocheting, line dancing, tai chi
3. Offers outreach for homeless

Qn: What could the Senior Services Ministry/CUC be doing differently in the future?

1. Find ways to get young people into the church
2. Have the youth partner with Deaconesses when they go out to deliver plants to shut-ins so can experience and see seniors
3. Does the church talk to the non-profits who use church facilities to encourage them to come to CUC church services, etc (i.e. AA, line dancing group); is CUC charging non-profits to cover utility usage/maintenance of facilities?
4. Need housing for lower income residents or help to pay electricity/utility costs or maintenance fees
5. Right now no one can use the kitchen. Find ways to allow more ministries/members to utilize the kitchen. Right now need to be certified to use kitchen which makes using the kitchen more complicated. Maybe get more ministry members certified to oversee kitchen use so they can incorporate more food/snacks into activities.
6. Maybe pay someone to make coffee for church services – aloha lanai.
