

# IN A HEARTBEAT

STEWARDSHIP 2024

**“A NEW HEART  
I WILL GIVE YOU,  
AND A NEW SPIRIT  
I WILL PUT WITHIN YOU”**

**—EZEKIEL 36:26A**

Central Union Church is a living organism. You cannot understand this church or any church if you think of it as something static or inert or unchanging. It is something alive, vital, dynamic.

The main characteristic of a living organism is a beating heart. A heart beats with a double motion. When the heart dilates or relaxes, it allows the heart to fill with blood. When the heart squeezes or contracts, it expels blood from the heart and pumps it out through the arteries and around the body. By this simple, continual, double movement, the body lives, is oxygenated and provided with nourishment and energy.

Our church lives by this same double motion – we are called together to be with Jesus, and then we are sent into the world to share our gifts of time, of talent and of treasure so that God’s kingdom of love, compassion, healing and hope can be made real in the world today. You and I are the heartbeat of the church. We are called to receive God’s unconditional love and acceptance, and then we are called to give of ourselves and of our blessings so that the world can be changed by that love.

The living out of your faith and your willingness to share your gifts of time, talent and treasure are the beating heart of Central Union Church. As we prepare to embark on a new journey of imagination and faith, I want to invite you to make a commitment to help strengthen the beating heart of this vital faith community so that we can continue to have an impact here in Honolulu, throughout Hawai‘i and the world.

**Rev. A. Rushan Sinnaduray**  
*Senior Minister*
